SUMMARY

Experienced full-stack developer with expertise in React.js and Node.js. Skilled in creating engaging user interfaces using React.js and developing secure APIs with Node.js. Strong problem-solving and collaboration abilities. Proficient in database design, RESTful API development, Git version control, and deployment strategies. Throughout my career, I have demonstrated a strong aptitude for problem-solving and a keen eye for detail, ensuring the delivery of high-quality code. I am ready to take on new challenges and make valuable contributions to your organization.

EXPERIENCE

Software Engineer

Tata Consultancy Services, Bengaluru Jan 2020 - Oct 2021

Project: Agile Quality Assurance; Domain: Banking and Financial Services

Account: Morgan Stanley

- Well-versed with Agile, Scrum methodologies.
- Developed Scripts using Selenium, UFT, tech Stack as Java also used ARD and ALM.
- Implemented CI/CD pipelines using TeamCity, ensuring seamless integration, automated testing, and efficient deployment processes.
- Led a team of developers to successfully complete a major software project on time.

Associate Software Developer

Rev Box (BambooBox), Bengaluru Nov 2021 - Jun 2023

Tech Stack : JavaScript, React js, Nodejs, PostgreSQL, MongoDB

- I worked on a model that helps clients find the best potential customers and determine which ones are more likely to become valuable opportunities
- This model uses data analysis and predictions to identify prospects with a higher chance of turning into successful business deals
- By using this model, clients can focus their efforts on the most promising prospects and increase their chances of closing successful deals
- I have integrated many platforms such as Hubspot, Zoho, Salesforce and many more using OAuth authentication
- Created RESTful APIs using Node.js with Express framework for data manipulation.
- Created reusable components that can be shared across different projects reducing development time.
- Developed and maintained front-end web applications using HTML, CSS, JavaScript, React.js.
- Provided technical support during post-deployment stages including bug fixing and maintenance tasks.
